Amalia

Selected Works *2024 - 2026*

hi this is my portfolio

I believe good design goes beyond aesthetics. It should solve real problems, simplify complex workflows, and create meaningful experiences for users.

Hi, I'm Amalia, a UI/UX Designer with a background in Information Technology, specializing in designing intuitive digital experiences for web and mobile products.

I translate **business requirements into user-centered design solutions** through user flows, wireframes, and high-fidelity interfaces. My experience also includes design systems, competitive benchmarking, and collaborating with developers to ensure design consistency and feasibility.

With an understanding of **front-end development**, I bridge design and implementation to create digital products that balance user needs, business objectives, and technical considerations.

Corporate Website

Website Redesign

Redesigning the official website of MTF with a cleaner, more modern visual direction while maintaining its professional and elegant corporate character.

Role	UI/UX Designer
Year	2025

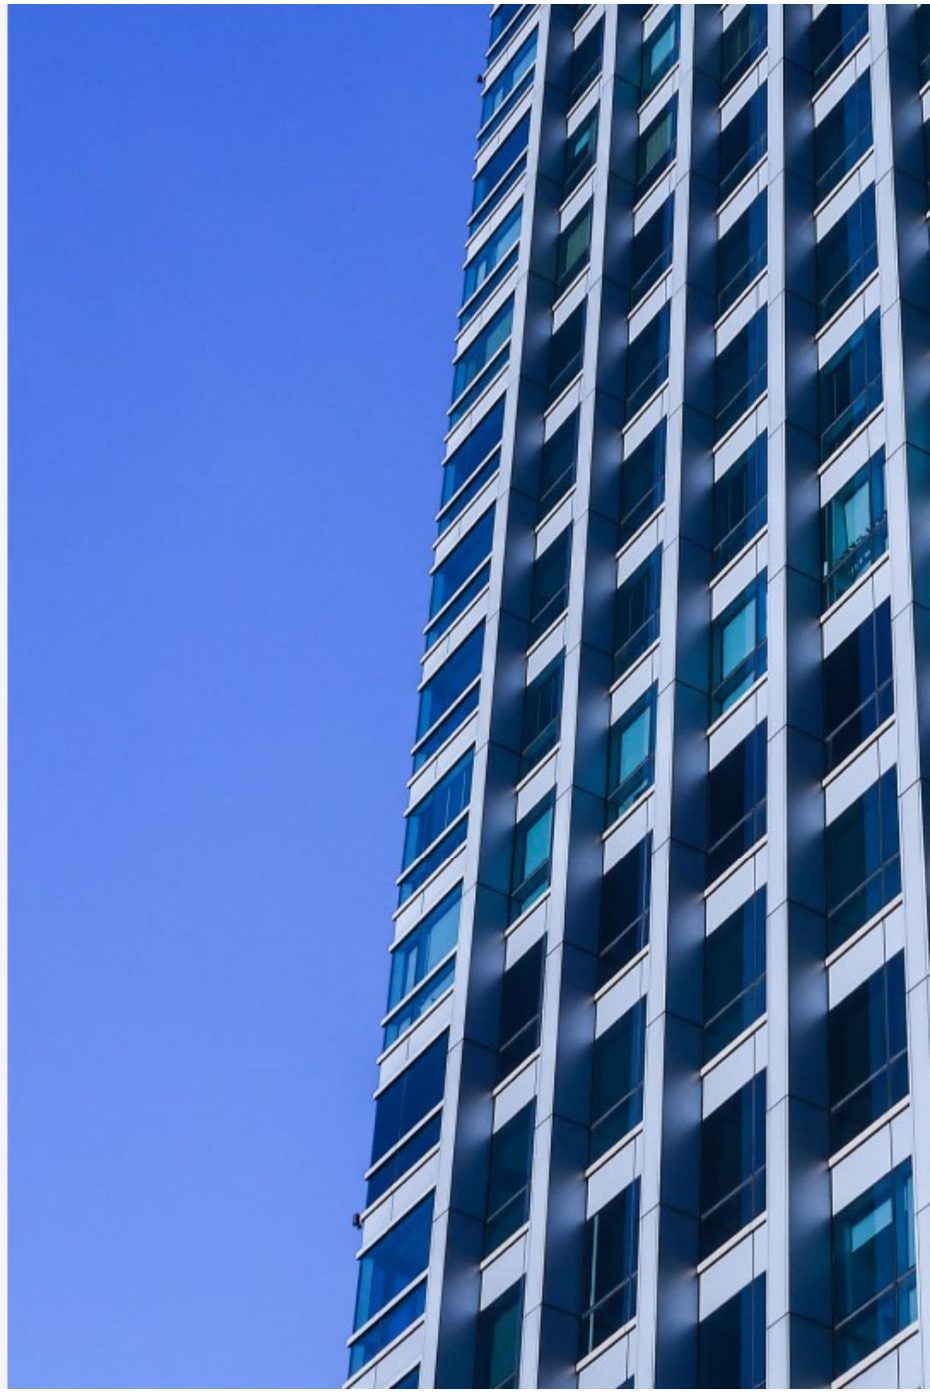

Overview

I worked on refreshing the digital experience for **MTF's official website**. The **redesign** focuses on a cleaner, more modern visual direction while preserving the **professional and elegant** character of a corporate brand.

A refined digital presence
Balancing modern usability with a professional corporate identity.

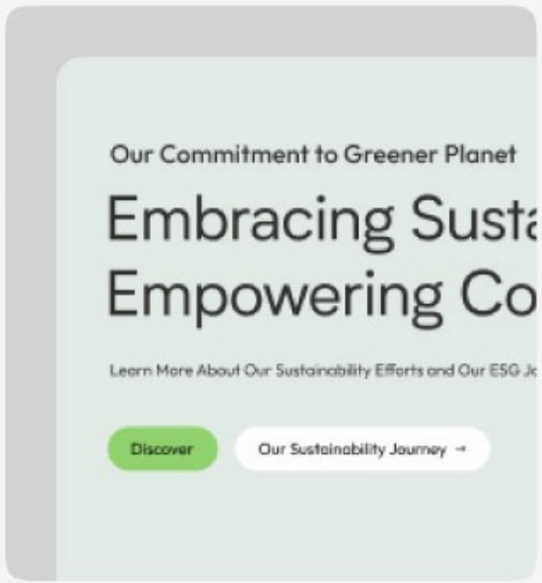

Key UI Features

01

Clear Content Hierarchy

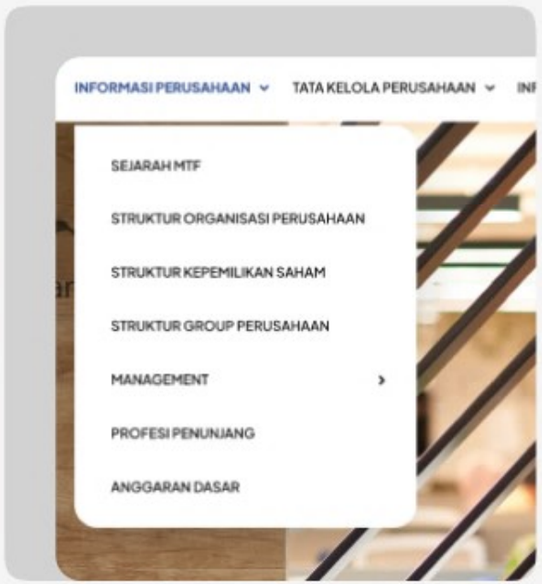

Organizing key information and actions to create a clearer content structure.

02

Intuitive Website Navigation

Structuring menus and categories to help users find information more easily.

03

Clear Product Presentation

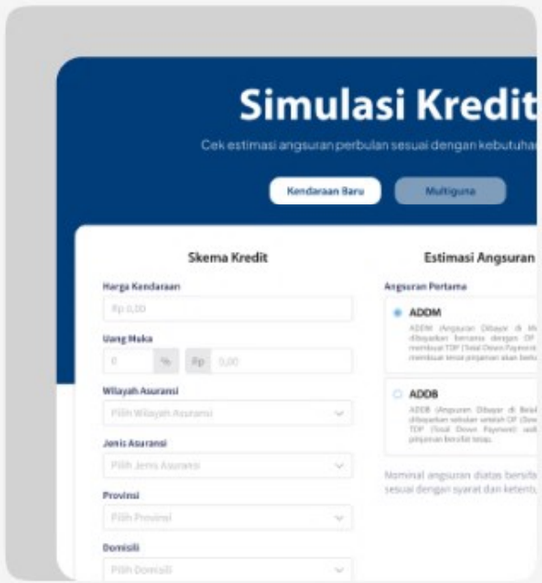

Presenting financing products with structured information and clear actions.

04

Easy Credit Simulation

Creating a structured flow to help users estimate their financing options

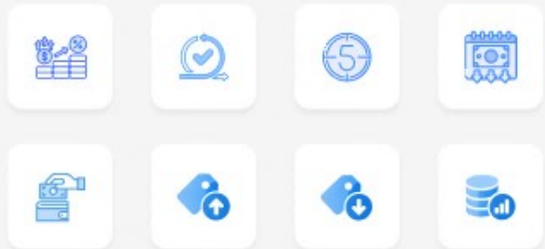

Design System

A refined visual foundation that brings consistency across typography, colors, components, and UI elements throughout the redesigned website.

The “Before & After” Analysis

Before

Existing MTF Website

The existing website with its current visual structure and content presentation.

Existing UI | Current Layout | Original Visuals | Existing Components

Refined Visual Hierarchy

Simplified content presentation with clearer typography, spacing, and section hierarchy for easier scanning.

After

Redesigned MTF Website

Redesigned UI | Refined Layout | Clear Hierarchy | Modern Visuals | Consistent Components

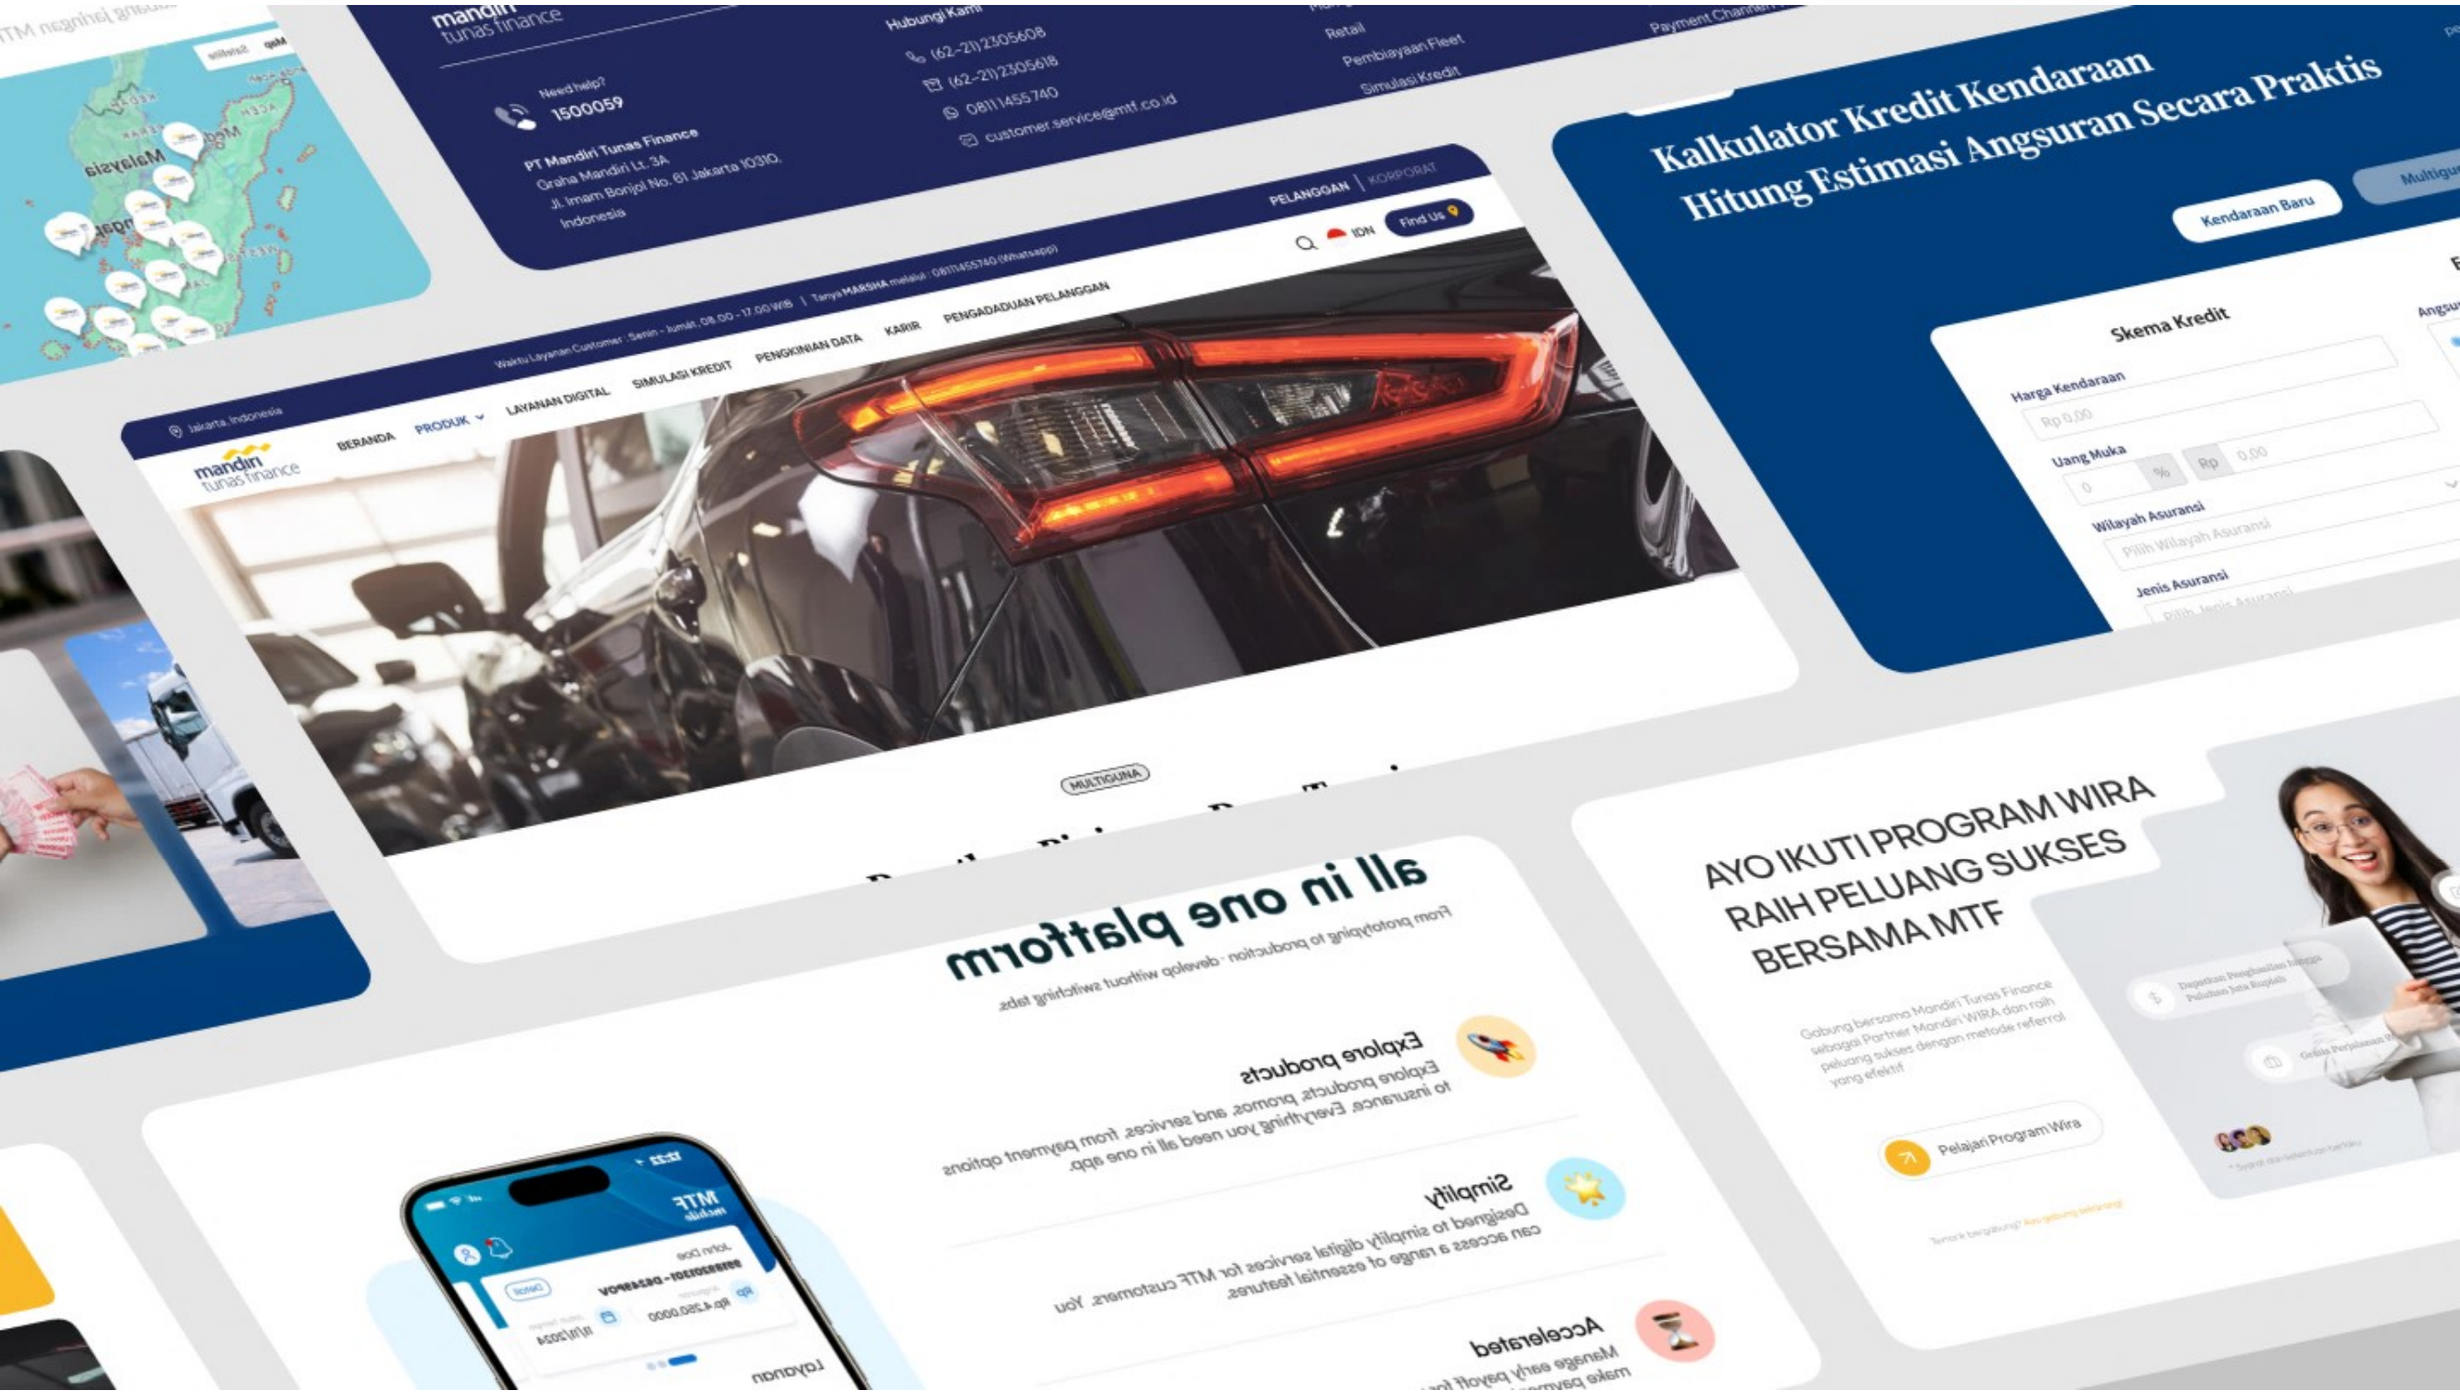

Modernized Layout

Reworked layouts with more balanced spacing and a cleaner visual structure.

Corporate Visual Direction

Introduced a contemporary visual language while maintaining MTF’s professional and elegant identity.

MTF Mobile Enhancement

Enhancing MTF Mobile with new features

Enhancing MTF Mobile through continuous UI and feature improvements. I worked on designing new features and refining existing flows to create a clearer and more consistent mobile experience.

Role UI/UX Designer

Year 2025 - 2026

Overview

Feature Expansion

Expanding MTF Mobile with new features to support a wider range of customer needs and digital services.

Access Expansion

Opening MTF Mobile to both existing customers and non-customers for a more accessible app experience.

Financing Experience

Introducing new financing journeys, including Pinjam Dana and Gold Financing, with clear and structured user flows.

Customer Engagement

Enhancing customer engagement through features such as Referral to support broader customer acquisition.

The Mission

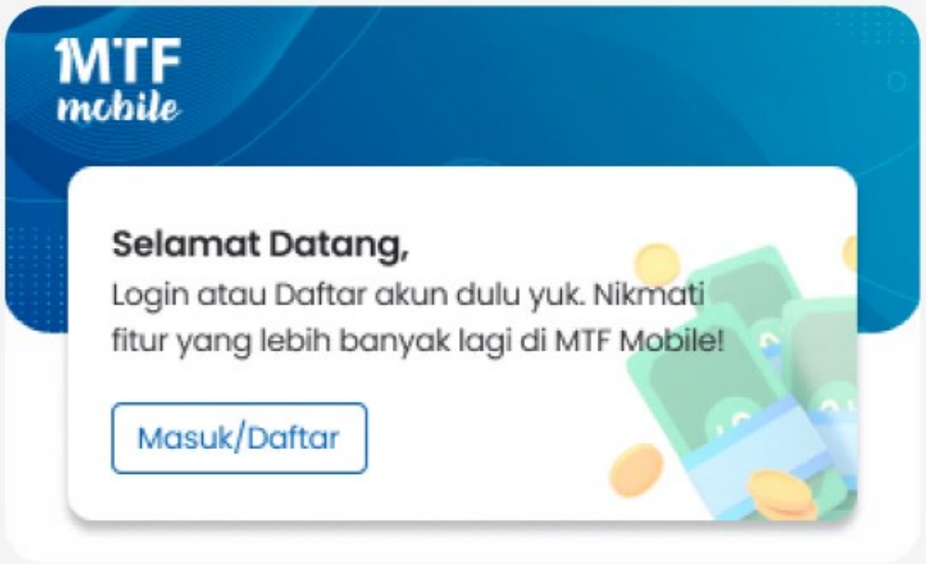

To enhance MTF Mobile through new features and improved digital experiences.

Design Goal

Creating clear and consistent UI experiences across new features.

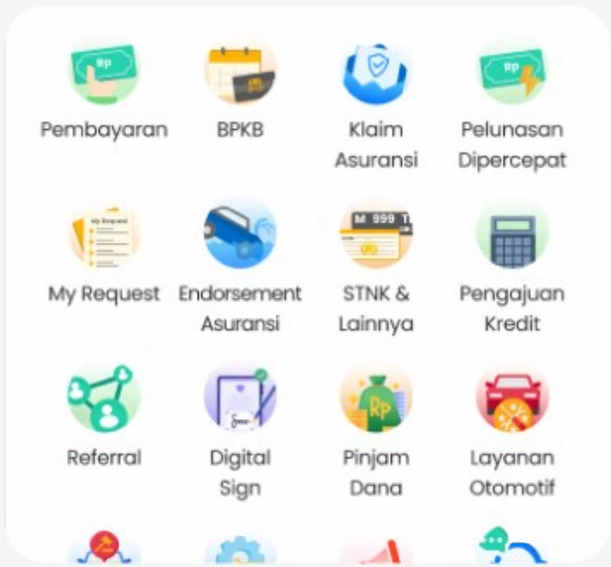

Design Focus

Clear User Flows

Designing straightforward flows to help users navigate each new feature with ease.

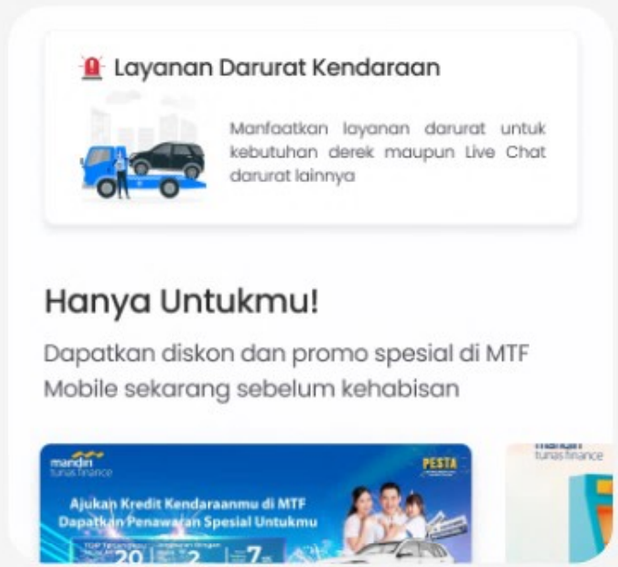

User Flow | Navigation | Task Flow

Consistent UI Experience

Keeping new features visually consistent with the existing MTF Mobile interface.

UI Consistency | Components

Feature Clarity

Presenting feature information and actions in a clear and easy-to-understand way.

Information Hierarchy | UI Design

Typography

Ag

UI Principles

Clear Hierarchy

Prioritize important information & actions.

Consistent UI

Maintain a unified visual experience.

Simple Navigation

Keep interactions easy to understand.

Readable Content

Present information clearly and efficiently.

Familiar Patterns

Use familiar UI patterns.

Simple Navigation

Use reusable components.

Iconography

The icons use a clear and consistent visual style to represent MTF Mobile's services and features. Each icon is designed to help users recognize key offerings, while maintaining a cohesive visual experience across the app.

The illustrations bring MTF Mobile's features and services to life through engaging visuals. They help communicate key messages and create a more approachable and engaging user experience.

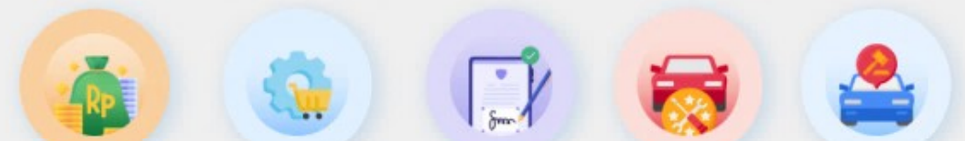

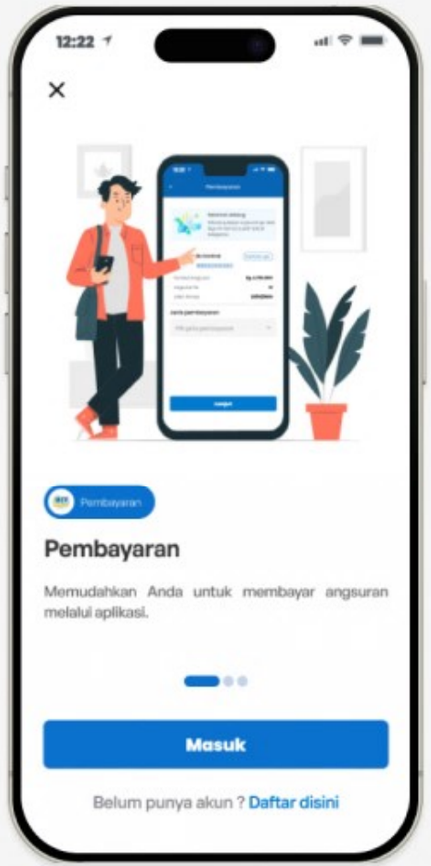

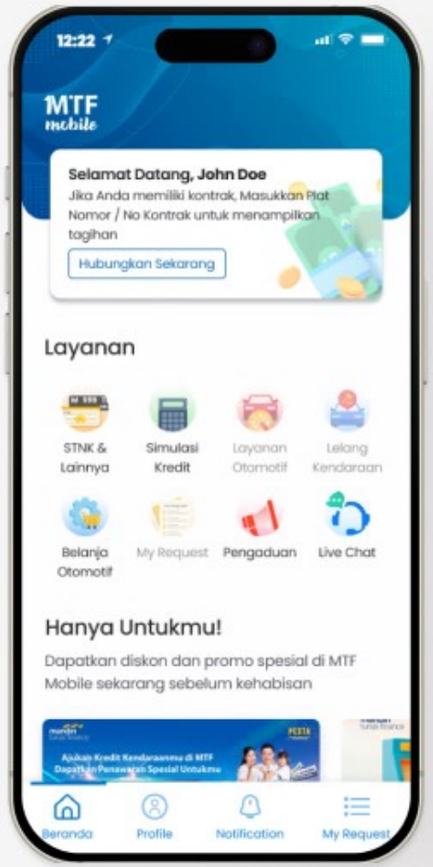

Illustration Gallery

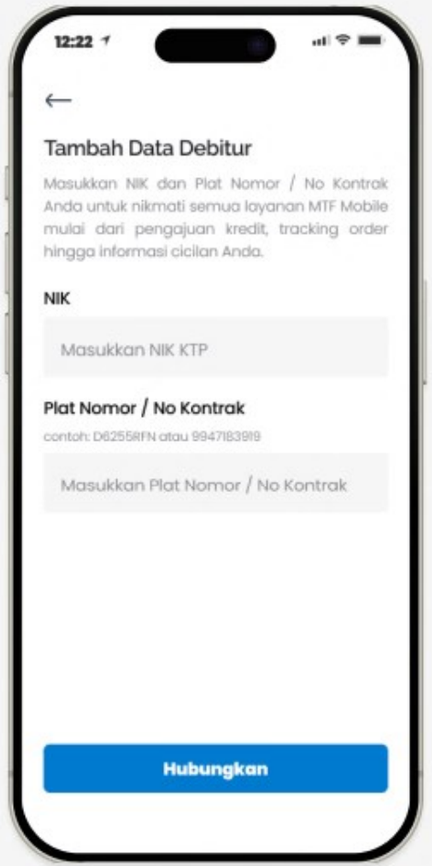

Open App

Expanding MTF Mobile access to a broader customer base.

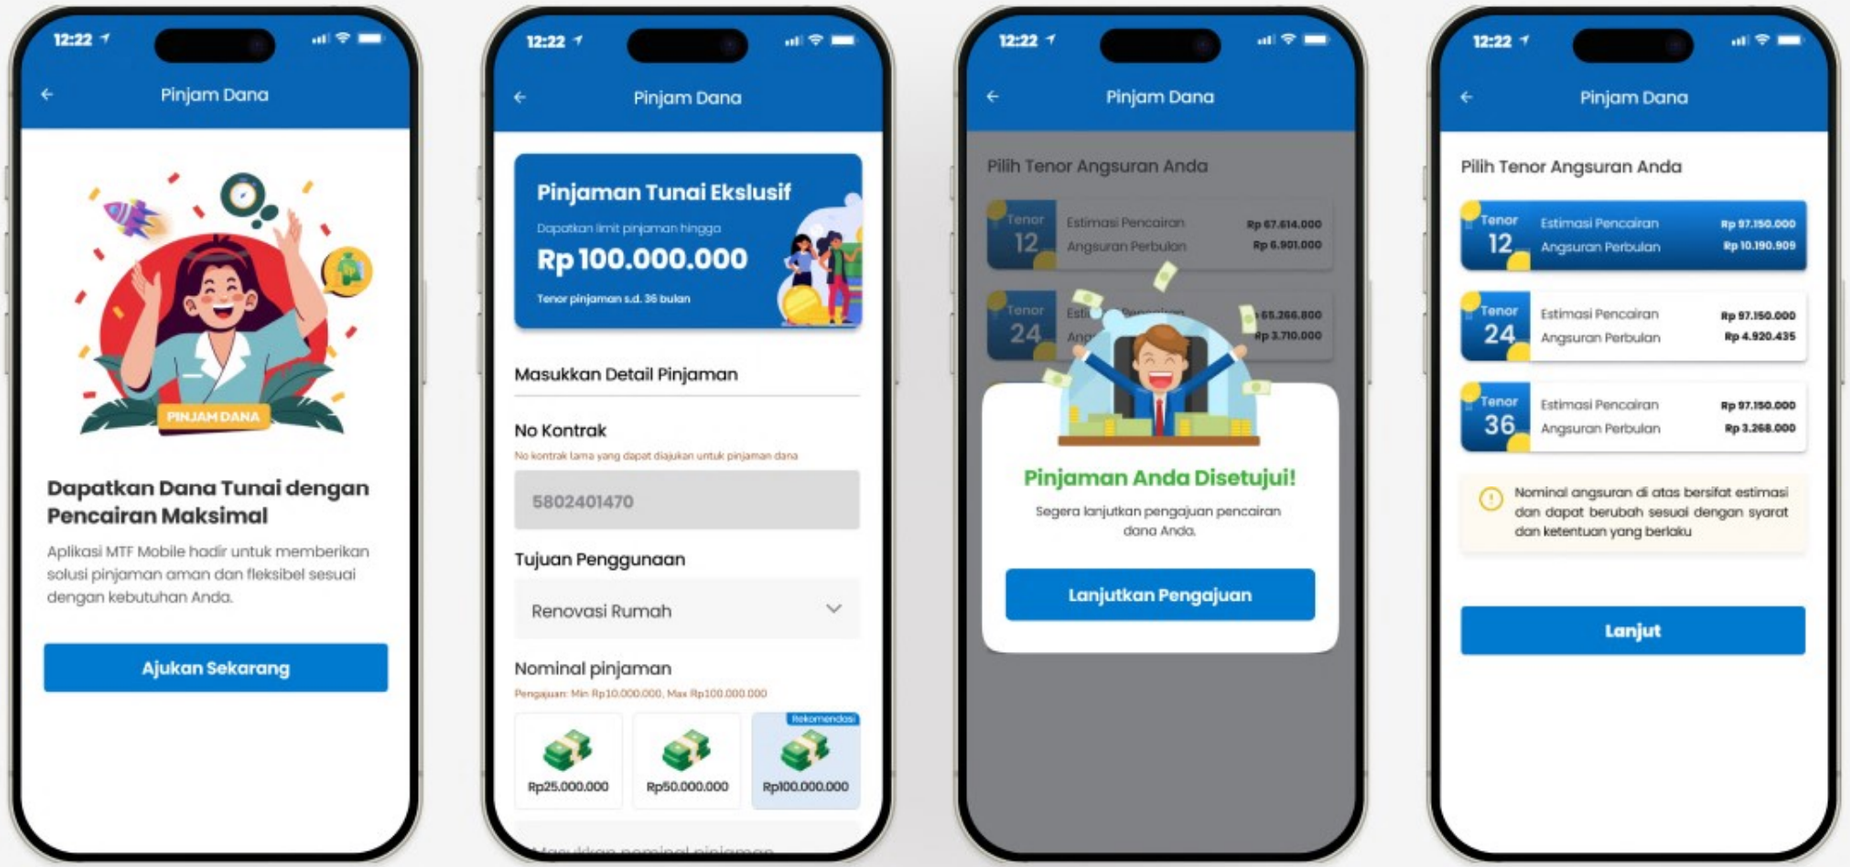

Pinjam Dana

Designing a clear and structured loan application flow

Case Studies

03/03

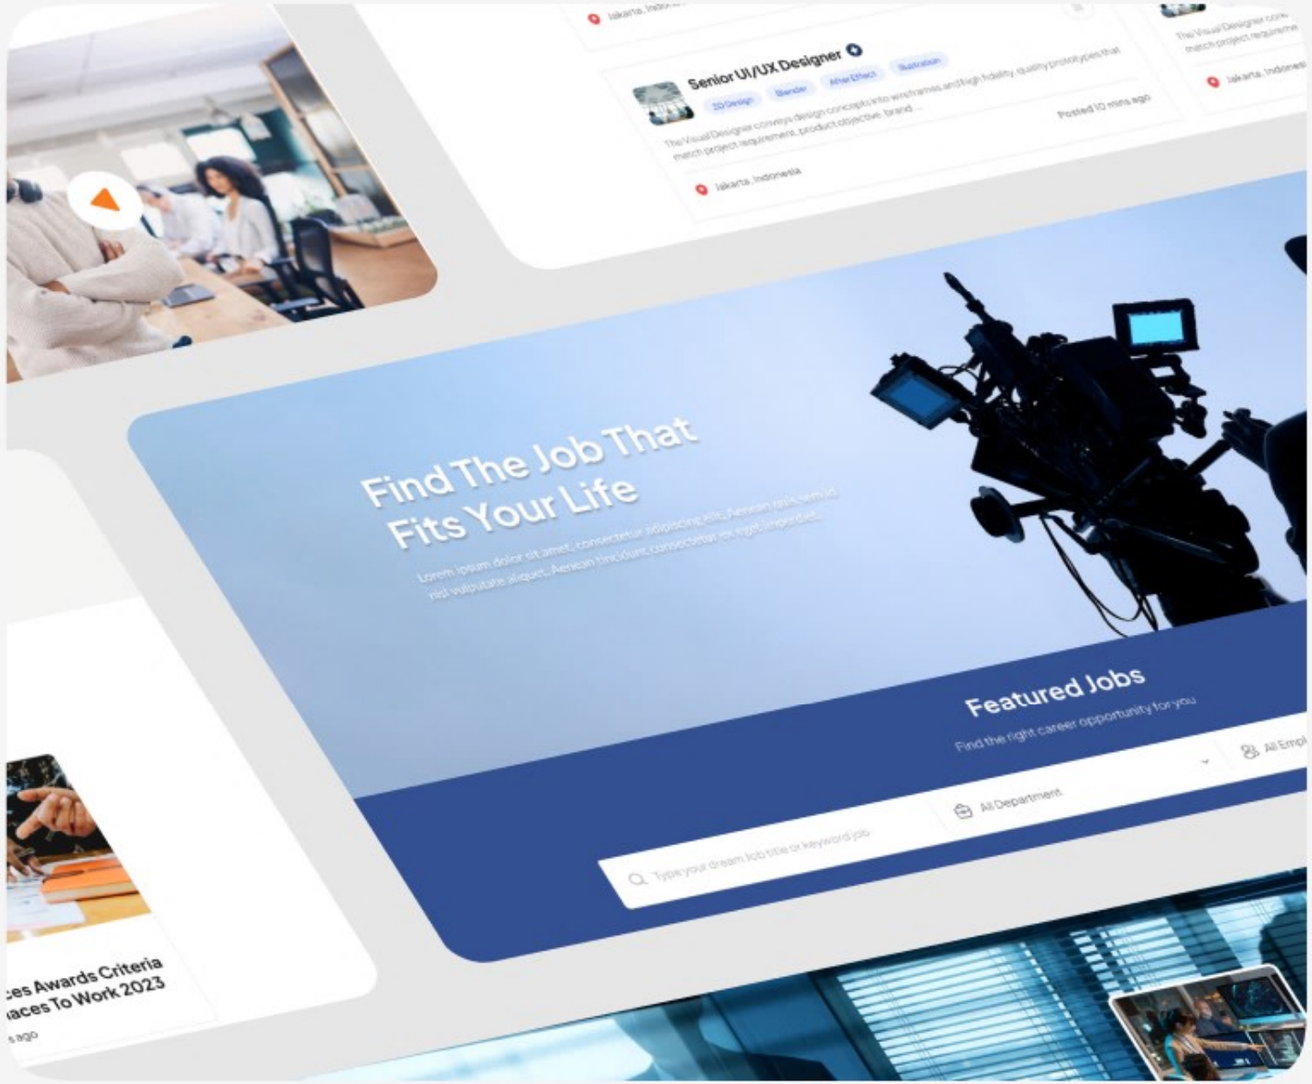

Career Platform

Career Experience Redesign

Redesigned and developed a career website with a more modern, engaging interface, translating the UI design into a responsive front-end experience using Next.js and Tailwind CSS.

Role UI/UX Designer & Front-end Deceloper

Year 2024

Overview

Career Website — From Information to Opportunity.

I worked on redesigning TRANS7's career website to create a more structured and engaging experience for job seekers. The redesign focused on improving content hierarchy, navigation, and visual presentation while translating the final UI into a responsive front-end using Next.js and Tailwind CSS.

Content Discoverability

Improving content hierarchy and structure to help users find relevant career information more easily.

Navigation Clarity

Restructuring navigation and page layouts to create a clearer path across career content and opportunities.

Modern Visual Experience

Refreshing the visual direction with a cleaner, more contemporary interface that feels engaging and approachable.

Design to Development
Translating the approved UI mockups into a responsive front-end using Next.js & Tailwind CSS.

From Complexity to Clarity

The “Before & After” Analysis

Before

Existing Career Website

The original career website with its existing layout, navigation, and content structure.

Existing UI | Current Layout | Original Structure | Career Content

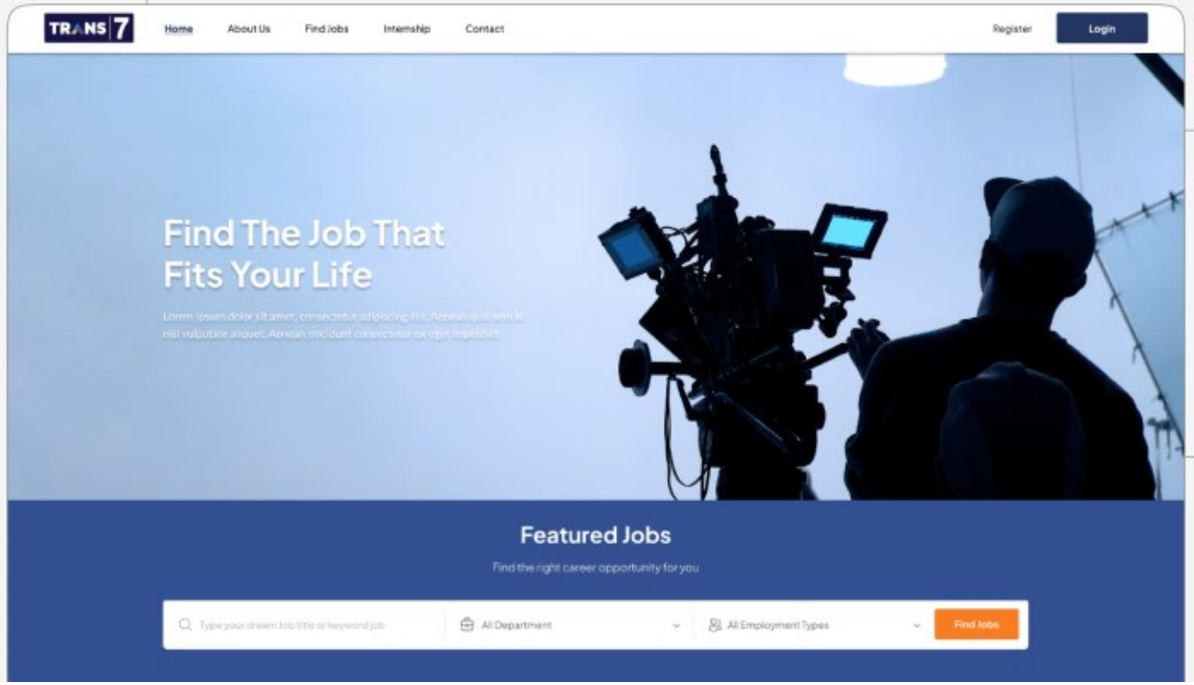

Refined Content Structure

Restructured content and page sections to create a clearer flow for career information.

After

Redesigned Career Website

Refined UI | Clear Navigation | Modern Layout | Better Hierarchy | Responsive Design

Improved Navigation

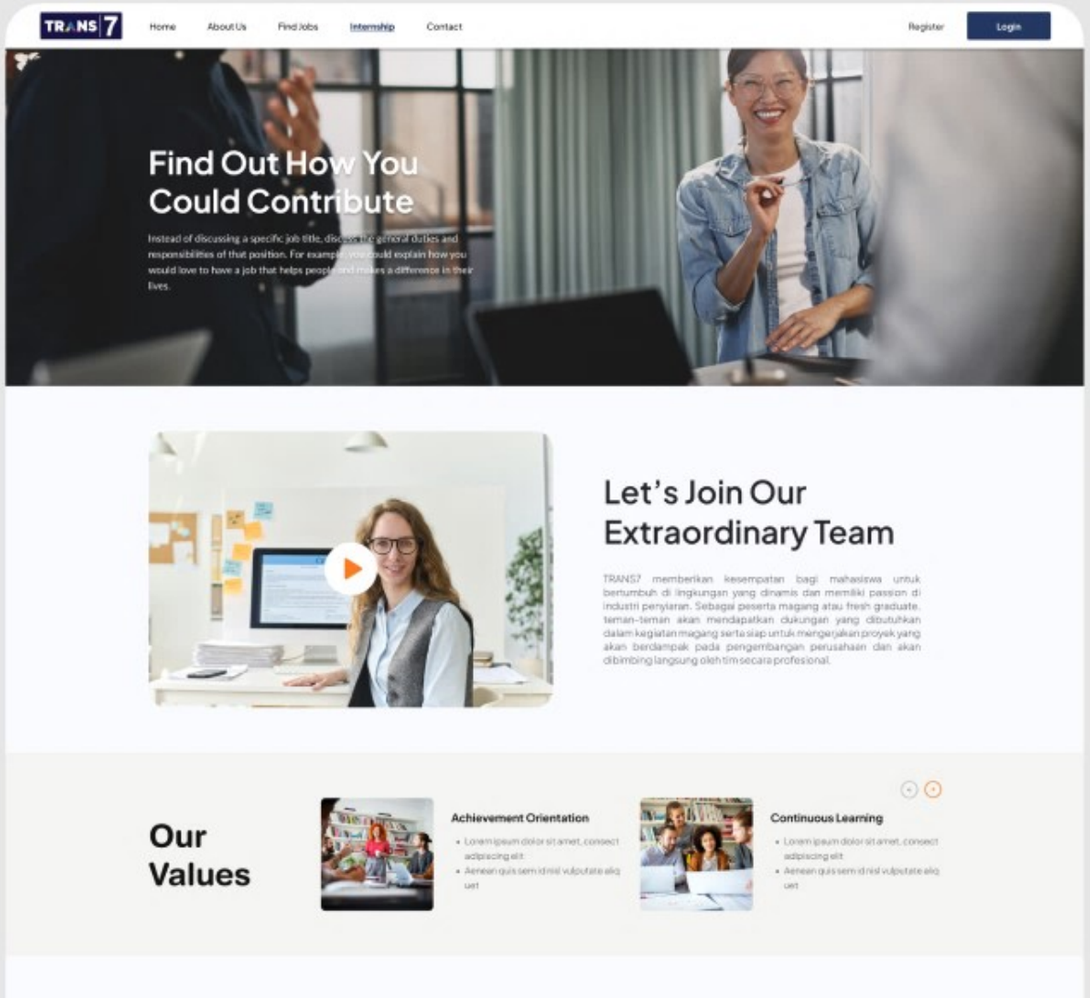

Simplified navigation to help candidates move between career information and opportunities.

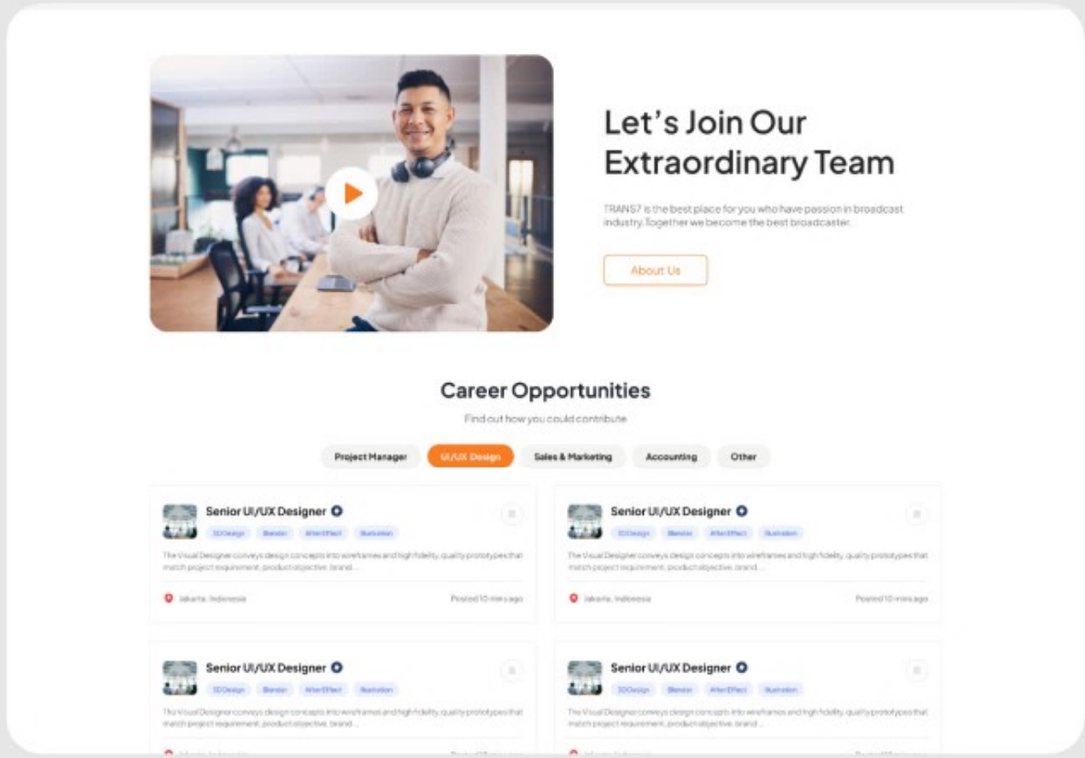

Modern Visual Direction

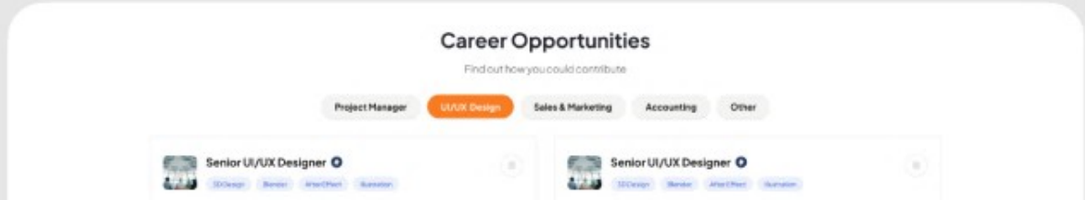

Introduced a cleaner and more engaging visual language for the career experience.

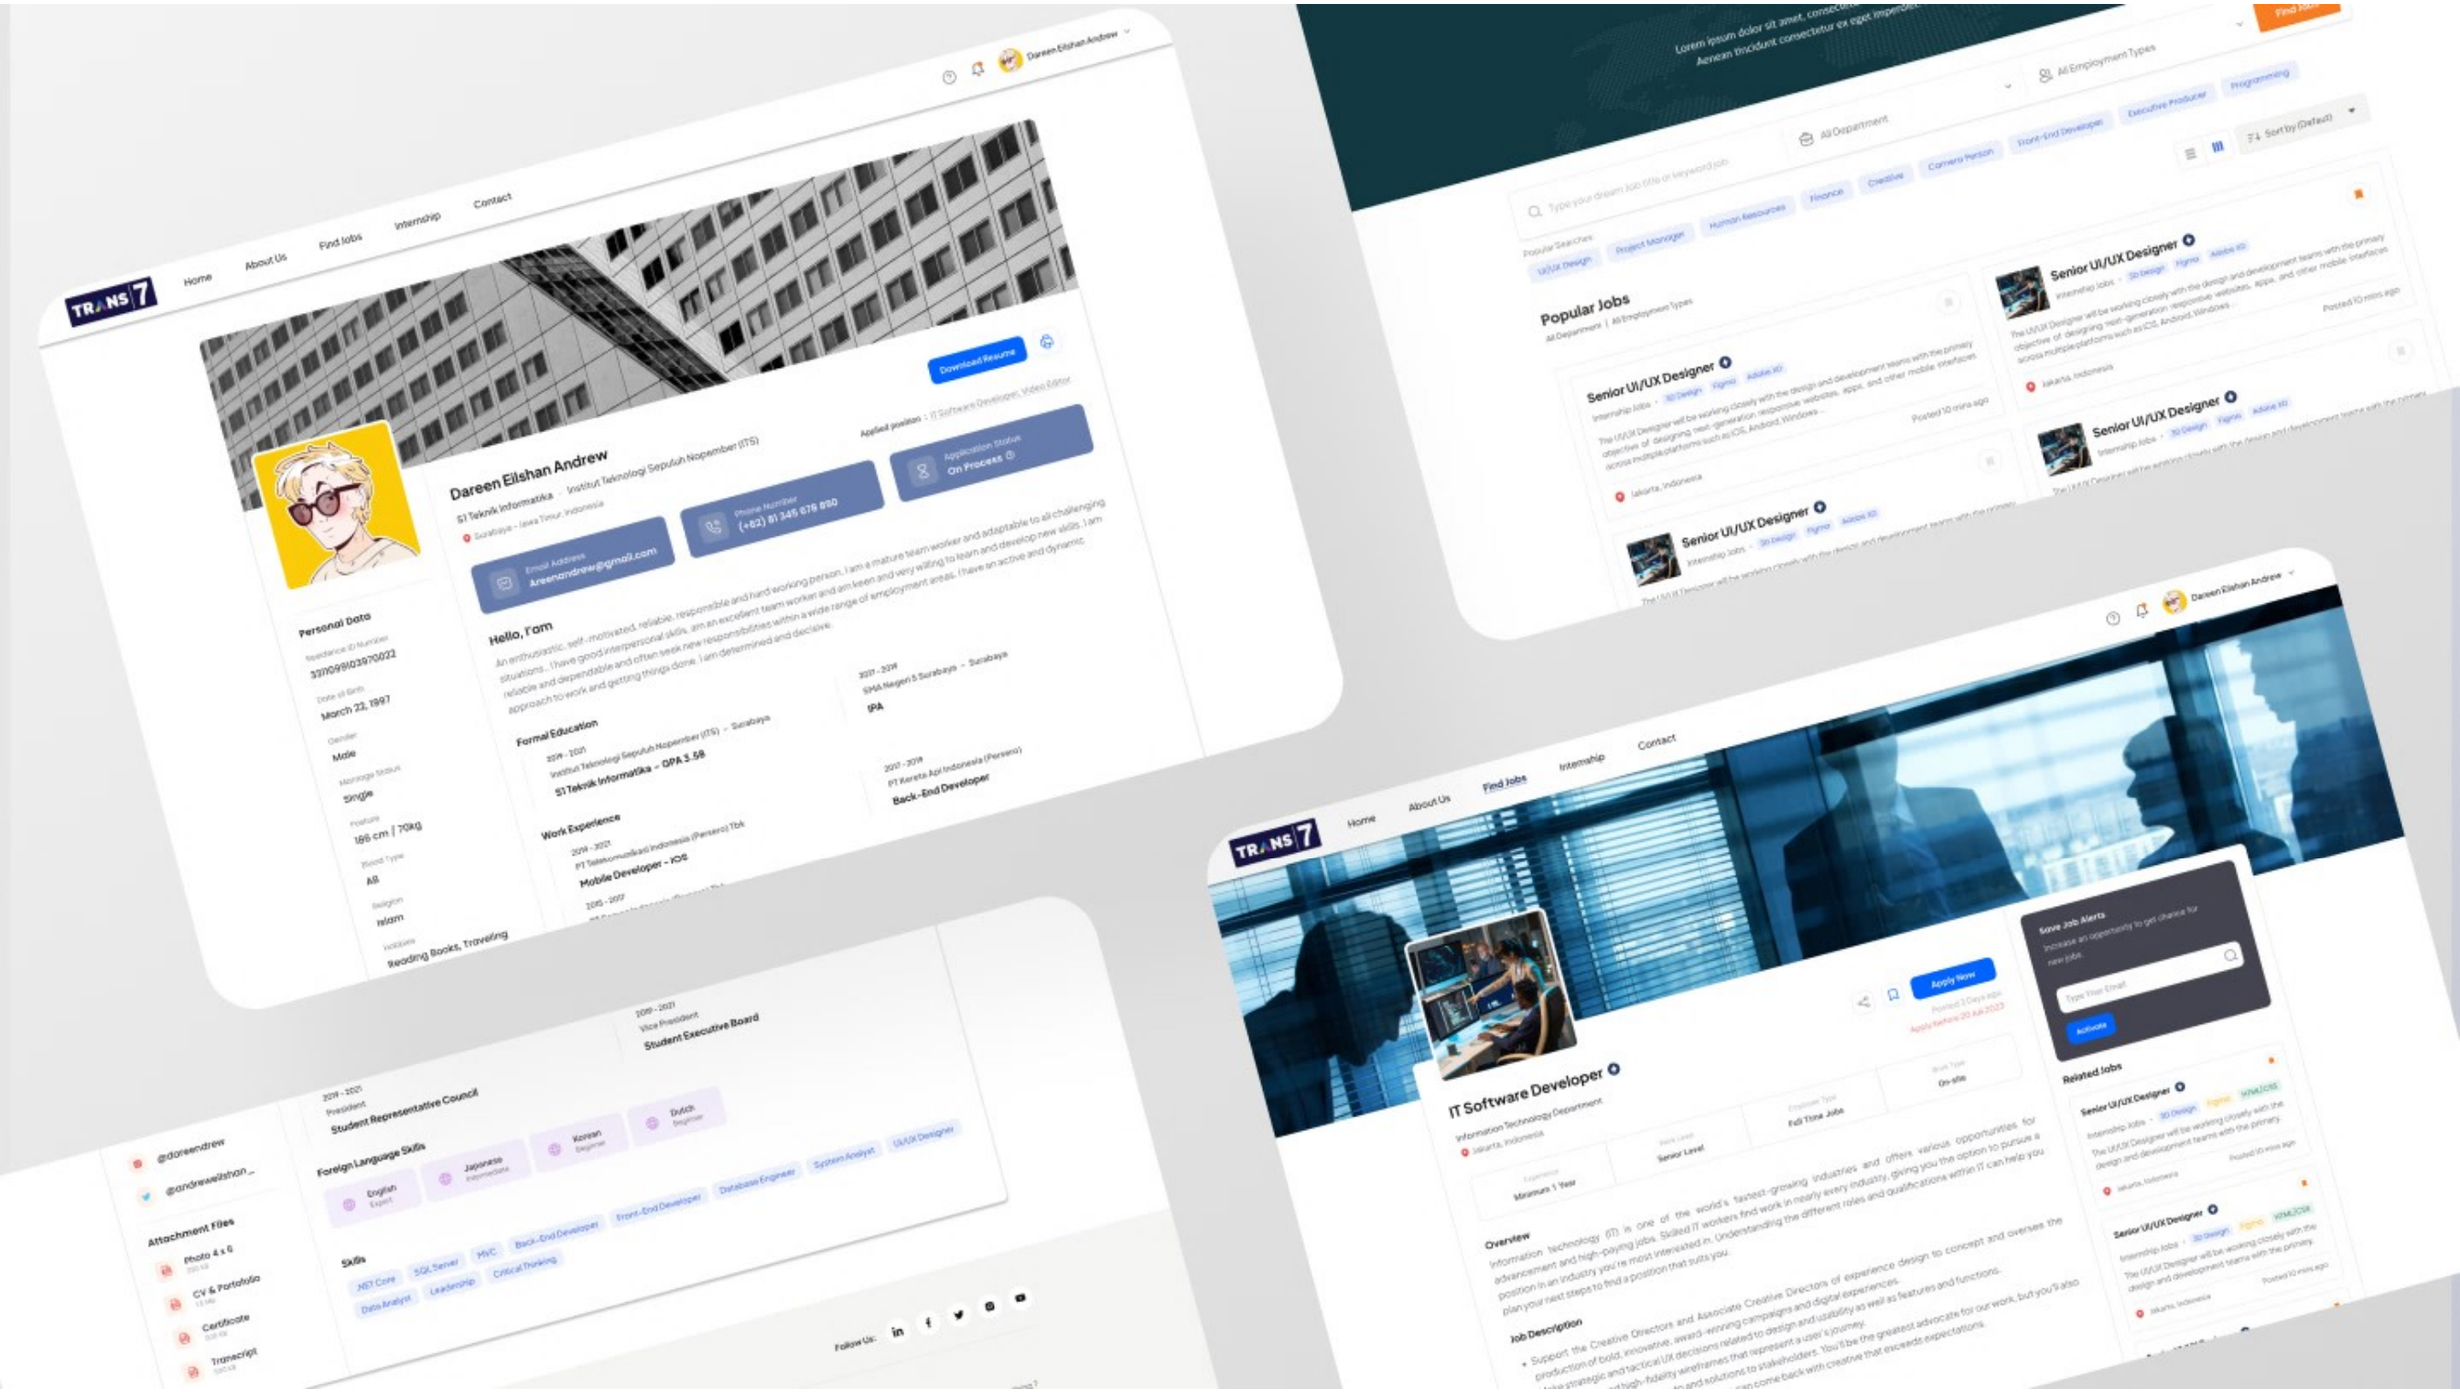

The New Career Experience

A refreshed career website designed to make opportunities, information, and career content easier to explore through a cleaner and more engaging interface.

Makin Banyak Pilihan!
Kini Pembayaran Bisa melalui
WhatsApp Marsha MTF
WhatsApp Marsha MTF kini menjadi alternatif untuk mendapatkan nomor Virtual Account pembayaran. Yuk, simak langkah-langkahnya berikut ini!
1
Mulai melalui WhatsApp MTF
Simpan nomor resmi WhatsApp Mandiri Tunas Finance 08111455740, lalu kirim pesan "Hai" atau "Halo". Pilih menu Layanan → Pembayaran.
2
Pilih Pembayaran Angsuran atau Pelunasan Dipercepat, masukkan Nomor Kontrak dan Plat Kendaraan, lalu konfirmasi data.
Pilih Bank
Selanjutnya, pilih Bank Virtual Account yang tersedia: Mandiri, BCA, BRI, BNI, BSI, Permata, atau CIMB Niaga.
3
Lakukan Pembayaran
Dapatkan nomor Virtual Account, lalu salin nomor tersebut untuk melakukan pembayaran.
Setelah pembayaran berhasil, Anda akan menerima informasi konfirmasi pembayaran.
#KreditAnakBangsa

Still and always continue to learn and process
